Dean of Undergraduate Admission
Office of Admission

WELCOME TO

SI SE PUEDE con Lewis University!

This conference was originally designed to provide students with tools for collegiate success. Typically, our annual event is a partnership between Lewis University faculty, staff, students and additional advocates for higher education, such as Junior Achievement.

This year is different! We are bringing students this program virtually!

The Si Se Puede Conference was named after the phrase ¡Si Se Puede! or Yes You Can! This persuasive motto was exclaimed by civil rights leaders Dolores Huerta and the late Cesar E. Chavez to motivate migrant farmworkers and advocate for humane working conditions on the fields.
